CARRIE BROWN IDENTIFIED.

She Proves to be Carrie Becker of This City.

The mystery surrounding the death, at Cincinnati, of a young woman passing under the assumed name of Carrie Brown and claiming to be from Marietta, was cleared up when she was identified by Charles Becker. A letter was received from the Maternity Hospital, where her child was born, describing her minutely, and her brother did not hesitate to pronounce her his sister.

The parents of the unfortunate girl are dead and for the past two years she had been living with her uncle, Daniel Becker, of Glendale. She was known to be in a delicate condition last March but refused to divulge the author of her ruin. On March 11th she left the home of her uncle, declining to state where she was going, and since that time nothing had been heard of her until Wednesday.

The facts of her death have been published in the Leader and need not be repeated. Her brothers left Wednesday for Cincinnati to complete the identification and take charge of the child which she left.

Your Boy Won't Live a Month.

So Mr. Gilman Brown, of 34 Mill St., South Gardner, Mass., was told by the doctors. His son had Lung trouble, following Typhoid Malaria, and he spent three hundred and seventy-five dollars with doctors, who finally gave him up, saying: "Your boy won't live a month." He tried Dr. King's New Discovery and a few bottles restored him to health and enabled him to go to work a perfectly well man. He says he owes his present good health to the use of Dr. King's New Discovery, and knows it to be the best in the world for Lung trouble. Trial Bottles Free at W. H. Styer's Drug Store

Women go on, heedlessly ignoring the dangers that lie right in the path of their thoughtlessness. They neglect little warnings until they get used to them. The warnings become louder and louder, and still they do not heed them. Their sickness increases like a snowball rolling down hill. The sickness comes on gradually, and they get used to it gradually, but it ruins their lives just the same. One woman in a hundred, perhaps, is perfectly healthy. Sometimes her weakness is inherited, sometimes acquired by carelessness. In every case, care and Dr. Pierce's Favorite Prescription will give her new life and strength and vitality. It will fill out the hollows in her cheeks, bring color to her lips, brighten her eyes, and make her really and truly a woman. The "Favorite Prescription" is of inestimable value at three stages in the lives of every woman—when the girl becomes a woman, when the woman becomes a mother, and when the mother becomes incapable of maternity. At these times it gives safety and strength. It is the only medicine now before the public for woman's peculiar ailments, adapted to her delicate organization by a regularly graduated physician—an experienced and skilled specialist in these maladies. It cannot do harm in any condition of the system. Its sales exceed the combined sales of all other medicines for women.

Every woman should have and read Dr. Pierce's Common Sense Medical Adviser, a great book of a thousand pages, profusely illustrated which will be sent free on receipt of 21 one-cent stamps, to pay for mailing only. Address, World's Dispensary Medical Association, No. 662 Main Street, Buffalo, N. Y.

Have They Cornered the Copper Cent? A majority of the letters from the working men in your columns claim that gold has appreciated in value since 1873 and that this appreciation has been caused by the wicked bankers who have cornered all the gold. Has anyone suggested that these wicked bankers have cornered all the cents? In 1873 it required 129 cents to purchase only one ounce of silver. To-day it requires only 68 cents to purchase the same one ounce of silver. In 1879 it required 125 cents to purchase one bushel of wheat. To-day 63 cents will purchase one bushel of wheat. And yet 100 cents will purchase the same amount of gold to-day as it could in 1873. Clearly, then, it is this bad little copper cent that has caused all our hard times and not the gold. Let us compel all of our creditors to accept five mills instead of ten for one cent.—Common Sense, in N. Y. World.
